VIVACIOUS | ORGANIC **LOUIS BERNARD CÔTES-DU-RHÔNE BLANC**
2018 Rhône Valley, France | Grenache Blanc-Based White Blend from Organic Grapes
Bright, Peachy & Perfumed – Ideal for Poultry & Spicy Recipes
$20 Retail / $16 Wine Society & JCB Collector Members

Wines made from organic fruit taste great for the same reasons that heirloom tomatoes from your garden are so delicious. Eliminating chemicals in the vineyard safeguards its multi-layered web of life in ways that add complexity, character and individuality to the wine's flavor.

SENSUOUS | VEGAN **WATTLE CREEK RED BLEND**
2019 California | Unfined & Unoaked Multi-Grape Blend
Vibrant, Plump & Tangy – Perfect for Grilled Fish & Tomato Sauces
$18 Retail / $14.40 Wine Society & JCB Collector Members

Combining Cabernet Sauvignon, Zinfandel, Petite Sirah and Petit Verdot, this wine from sustainably-farmed vineyards throughout California is vegan-friendly since it is not "fined" before bottling. Fining is a traditional winemaking process that uses proteins like those found in egg whites or milk to clarify wine and smooth its texture.

ELEGANT | DRY-FARMED **DELOACH "SAITONE VINEYARD" ZINFANDEL**

2018 Russian River Valley, CA | Old Vine Zinfandel-Based Field Blend
Complex, Earthy & Bone-Dry – Superb with Roasts & Aged Cheeses
$45 Retail / $36 Wine Society & JCB Collector Members

One of the oldest remaining vineyards in Sonoma planted in 1895, Saitone is farmed without trellising or irrigation, which conserves water and improves vine health, but also produces tiny, concentrated berries that can take until the end of October to fully ripen and make incredible wines.
